## Material Safety Data Sheet

### Identification

Product Name: Trespa® Solid Composite

Formula: Mixture

Synonyms: High pressure decorative laminate

TSCA Listing: This material is classified as an article and not subject to TSCA.

### Hazardous Ingredients

This Product is not regulated under the hazard communication standard, 29CFR1910.1200

### Physical Data

Boiling Point (700 mmHg): not applicable

Specific Gravity (H<sub>2</sub>O @ 20/20 °C): Not applicable

Vapor Density (Air=1 @ 20°C): Not applicable

Percent Volatiles by Volume: Negligible

Ignition Temperature: Not applicable

Thermal Dissolution: 250°C

Appearance And Odor: Rigid sheet with colored face, no odor

Freezing Point: not applicable

Vapor Pressure (100°C): Not applicable

Solubility In Water (% By Wt. @20°): Not applicable

Evaporation Rate (BuAc=1): Not applicable

pH: Not applicable

### Fire and Explosion Hazard Data

Flash Point: Not applicable

Explosion Limits: Not applicable

Extinguishing Media: Use water, carbon dioxide or dry chemical to extinguish fires

Special Fire Fighting Procedures: Wear self-contained breathing apparatus and protective clothing.

Unusual Hazards: none

### Reactivity Data

Stability: Stable

Hazardous Polymerization: Will not occur

Conditions to Avoid: none

Materials to Avoid: none

Hazardous Decomposition Products: This material may release toxic fumes in a fire depending on burning conditions (temperature and lack of oxygen). Chemical composition similar to wood; carbon dioxide and water are formed during complete combustion.

Effects of Overexposure/Toxicity Data

Acute:

Ingestion (Swallowing): Not applicable

Inhalation (Breathing): Not applicable

Skin Contact: Not applicable

Eye Contact: Not applicable

Chronic:

Carcinogenicity: This product is not listed in NTP, IARC or OSHA as a carcinogen

Reproductive: Not applicable

Mutagenicity: Not applicable

Target Organs: None

Exposure Limits

OSHA PEL: None established

ACGIH TLV: None established

Emergency and First Aid Procedures

Ingestion (Swallowing): Not applicable

Inhalation (Breathing): Not applicable

Skin Contact: Not applicable

Eye Contact: Not applicable

Special Protection Information

Respiratory Protection: no respiratory protection required

Ventilation:

Local Exhaust: Recommended when appropriate to control employee exposure

Mechanical(General): Not recommended as the sole means of controlling employee exposure

Protective Gloves: Not required

Eye Protection: Not required for handling material, but should be worn when machining or sanding material

Spill or Leak Procedures

Steps to be taken if material is released or spilled:

Place in a waste disposal container.

Waste Disposal Method: Disposal must be in accordance with applicable governmental regulations.

Special Precautions

Precautions to be taken in handling and storage: None for employee safety, but recommended handling and storage

Methods should be used to preserve the usability of the material.

Transportation Regulations

Not regulated by DOT.<sup>1</sup>
